

# Mortgage payoff *peace of mind*

We've helped recover nearly \$30 million in payoff fraud. Now we have the solution to prevent it. **PayoffProtect** eliminates the risk of payoff fraud, even on the hard ones that you can't template, like Mr. Cooper.

## PROBLEM

### Payoffs are at risk.

Payoffs are being intercepted by fraudsters at an alarming rate with traditional methods.

- ⚠️ **Process is manual.**  
It can take hours to validate a payoff.
- ⚠️ **Inconsistency across payoffs.**  
Every lender has a different process.
- ⚠️ **Multiple points of vulnerability.**  
Options for insuring the risk are limited.

## SOLUTION

### PayoffProtect is the gold standard.

PayoffProtect validates the authenticity of wiring instructions to ensure payments aren't sent to fraudsters.

- ✅ **2 min to complete.**  
Eliminate callbacks to lenders.
- ✅ **+95% of payoffs validated.**  
Ensure consistency on all payoffs.
- ✅ **\$1 million of insurance.**  
Backed by Lloyd's.

“ I absolutely love **PayoffProtect**. It's the easiest product that's come about. I have my whole week done in a matter of minutes.”

– Jessica Tweedy, Disburser
