

Protect Mortgage Payoffs

Payoff fraud has jumped nearly **145% year-over-year***. Through PayoffProtect, you can validate the authenticity of wiring instructions to ensure payments aren't sent to fraudsters. It's time to retire the manual callbacks and increase your security.

PayoffProtect eliminates the risk of payoff fraud,
saving you time while reducing risk to you and your clients.

Regain productivity

PayoffProtect saved customers an estimated 38,000 hours of manual reviews and lender call backs last year.

Verify with confidence

With the industry's largest dataset, PayoffProtect verifies +96% of payoff instructions - nearly all instantly.

Reduce business risk

Get up to \$1M in insurance for every transaction verified by PayoffProtect. No loopholes. All 50 states.

“...We will not send a payoff wire unless it's validated through PayoffProtect. We've enacted that as a non negotiable best practice for us now.”

– Bryan Brown, Controller
